

LUDVIG BOLIN

I am a highly-skilled IT developer knowledgeable in object-oriented programming and problem-solving. As a person, I am very ambitious and have no problem handling several tasks at once. I find no problem with working under stress and take great pride in being able to deliver on time.

ABOUT ME

Today I study my third year of five in a Master of Science degree with a focus on Information Technology at Linköpings University. I also fancy cooking and gym practice.

EDUCATION

📅 09/2019 - MSc in IT
📍 Linköping's University, Linköping

The Master of Science program in Information technology focuses on delivering IT professionals with high programming capabilities and project management skills. My grades so far are 4.4 out of 5.

📅 08/2016 - 06/2019 Technology program
📍 Thorildsplans gymnasium, Stockholm

During my three years in high school, I acquired several awards for great study results and cooperation. My grades were 20.3 out of 22.5.

RELEVANT WORK EXPERIENCE

📅 01/2021 - 06/2021 Course assistant
📍 Linköping's University, Linköping

In my role I have assisted the students in the lower years of the IT program in all courses they have taken. A lot of efforts are done in the area of Problem based learning.

📅 08/2021 - 12/2021 Laboration assistant
📍 Linköping's University, Linköping

I have tutored first-year students in an introductory course in Java. For many student's this was the first experience with programming, and I thereby trained and improved my pedagogy skills.

📅 06/2021 - 08/2021 Plant carer
📍 Hässelby Blommor, Stockholm

During the summer of 2021, I worked for a company that took care of office plants. The work was done individually with high demand for planning for keeping structure and tight schedule.

📅 09/2017 - 08/2020 Co-worker
📍 Max hamburger restaurant, Stockholm

During the majority of my time in high school, I worked part-time for the hamburger chain Max. The work was often very stressful and to uphold high quality was always mandatory. I also gained experience in working closely with customers of all types.
